PROJECTS

Project: AI-Based Book Recommendation System (Ongoing) (GitHub: [GitHub](#))

Used Technologies – Core Java, Spring JDBC, Spring MVC, MySQL, HTML, CSS, Apache Tomcat

Description – A web-based application developed for recommending books based on user mood, interests, and reading preferences, built using Core Java, JDBC, Spring MVC, and MySQL. It features responsive interfaces using HTML and CSS for efficient book searching, personalized recommendations, reading history tracking, and user management. The system also includes modules for mood-based suggestions, reading tracker functionality, and book management.

Project: Student Placement Tracking System (GitHub: [GitHub](#))

Used Technologies – Core Java, JDBC, Servlets, MySQL, HTML, CSS, Apache Tomcat

Description – A web-based application developed for managing student placement activities, built using Core Java, JDBC, Servlets, and MySQL. It features responsive interfaces using HTML, CSS, and JavaScript for efficient management of student records, company details, interview schedules, and placement tracking.

TECHNICAL SKILL

CORE-JAVA: OOP's Concept, Constructor, Exception Handling, Collection Framework, String Handling, Wrapper Classes, Multithreading, Collection Class, File Handling, JDBC, Servlet.

SPRING: Spring Core, Spring JDBC, Spring MVC

SQL: Commands, Constraint, Joins, Normalization, Sub-Query, Views, CRUD Operations.

HTML, CSS: Basic Tags and Attributes, Selectors, Basic Properties, Responsive Design.

DATABASE: MySQL. **TOOLS:** Eclipse, Git, GitHub, VS Code, Notepad++

INTERNSHIP

Full Stack Java Developer Intern – G-Soft Solutions Pvt.Ltd., Pune

Duration: 8 Months

Roles and Responsibilities:

- Worked on Java-based application development and backend functionalities using Core Java and JDBC.
 - Designed and developed responsive front-end interfaces using HTML, CSS.
 - Performed CRUD operations and integrated MySQL database for efficient data management.
 - Collaborated with the development team for debugging, testing, and application maintenance.
 - Assisted in implementing new features and improving application performance.
 - Used Git and GitHub for version control and project collaboration.
 - Participated in deployment activities and real-time project development.
-

CERTIFICATIONS

- Industrial Internet of Things (IoT) – NPTEL
 - Career Edge – Young Professional – TCS iON
 - JAVA – Hacker Rank
-
